

101 Reasons to Own the Worlds Greatest Investment: Warren Buffetts Berkshire Hathaway

Discover why the model-investment-firm-turned-household-word is the perfect investment--for virtually anyone Robert Miles is a successful entrepreneur, business owner, and investor who believes that everyone can be a smarter investor regardless of background, education, and income. In fact Miles says that one investment is ideal for virtually everyone to own--Berkshire-Hathaway. Miles has attended the annual shareholders meeting for years, has met Warren Buffett, and is considered a company insider and Berkshire-Hathaway expert. In 101 Reasons to Own the Worlds Greatest Investment, Miles offers his insights into what makes Berkshire-Hathaway so profitable and why shareholders get such value for owning the stock. Among his explanations: Berkshire-Hathaway is run sensibly and frugally by Buffett--there are no lavish corporate head-quarters or extravagant spending by company executives. The company invests in companies it determines will produce steady profits for the shareholders rather than those companies with a history of erratic performance. This accessible, well-researched look at the leading companys investment strategy has received an unofficial endorsement by Buffett himself. Robert P. Miles (Tampa, FL) is an entrepreneur and owns a small business. He is a graduate of the University of Michigan Business School, has been an active shareholder of Berkshire-Hathaway for a number of years, and is frequently asked to speak to other investor groups about Buffett.
