

The Kind Fairy Adventures: 3 Loving Fairy Tales from the Land of the Faye

This book is a collection of the first three stories in which more are to follow from the author, that depict adventures of fairies helping and teaching children who are in need of support from those that only with their special brand of magic and love can bring to the children in order to save them. Along the way, the readers will follow in their adventures and will feel the sense of warmth and charm from the characters as they touch the hearts of others in a process by which through sharing, we all become closer and feel stronger in the end.
