

The WineAccess Buyers Guide: The Worlds Best Wines & Where to Find Them

The wine guide, redefined! Wine lovers can find many books with excellent suggestions on what to buy but then they're usually left in the lurch, with no idea how to locate the recommended bottle. No more! Renowned wine critic Stephen Tanzer, editor and publisher of the International Wine Cellar, has teamed up with WineAccess.com, the online shopping network for fine wine, to create a unique and authoritative buyers guide. Featuring expert recommendations, and organized by region, it covers the top producers. Plus, for each wine, it presents ratings for more than one vintage. And best of all, people who buy the guide will gain access to a special section on WineAccess.com, where they'll find an interactive version of the book, along with up-to-date information on availability and price and the ability to click and purchase suggested wines.
