

Short Term Trading Strategies That Work

The top-selling trading book from Connors and Alvarez now comes in Kindle! Market volatility has been at record levels in recent months, leaving every trader and investor to ask the same question: Am I prepared to handle the market conditions? In Larry Connors, CEO and Founder of TradingMarkets, *Short Term Trading Strategies That Work*, he discusses 16 simple strategies crucial to the success of any trader or investor. These strategies have been both back-tested up to 2008, but also have been traded by Larry and his team under multiple market conditions. This is the must have book for anyone seeking to improve their trading in any market condition. You'll see strategies and methods which you've likely never seen before, all of which are statistically backed by more than a decade's worth of research. **The Single Best Oscillator for Traders** Do you know what's the best oscillator to use for your trading? In Chapter 9 you'll learn the one oscillator Larry believes is the closest to being the holy grail of oscillators. And you'll see the test results when applied to over 77,000 trades since 1995! **How to Make Your Trading Edges Even Bigger** On pages 39-48, Larry will teach you the one simple technique to help make your daily trading edges even greater. **Learn to Properly Trade ETFs** Larry teaches you some of his best strategies to trade popular ETFs like the SPYs, QQQs and many of the more actively traded ETFs. Professionals are flocking to ETFs and now you'll have in your possession statistically backed ETF strategies you'll be able to apply for years to come. **How to Trade Using the VIX** Do you use the VIX to time your trades? You'll learn numerous ways to use the VIX, many which have been over 70% correct going back more than a decade. Larry has done it again. He delivers an insightful handbook of practical, useful and timeless methods to profit in the market. Tony Saliba, CEO of
