

## Eskimoleben (German Edition)

Fridtjof Nansen, wohl einer der bekanntesten Polarforscher, unternahm 1888 die erste erfolgreiche Expedition zur Durchquerung Groenlands. Während dieser Forschungsreise verbrachten er und sein Team viel Zeit mit den groenlaendischen Eskimos, deren Lebensweise, Traditionen und Kultur Nansen faszinierten. Im vorliegenden Band gibt er diese Erfahrungen und tiefen Einblicke wieder, von den Jagdmethoden ueber die soziale Struktur, Moralvorstellungen und Religion bis hin zu Ernaehrungsgewohnheiten und kulturellen Erzeugnissen. Angesichts der zunehmenden Assimilierung der Inuit in die moderne Zivilisation und der damit einhergehenden Entfremdung vom eigenen kulturellen Erbe stellt Nansens Werk ein wichtiges Zeugnis der Lebensweise der Ureinwohner Groenlands dar. Mit zahlreichen Abbildungen. Nachdruck der deutschsprachigen Originalausgabe.
