

The Employers Guide to Obamacare: What Profitable Business Owners Know About the Affordable Care Act

The Affordable Care Act (ACA) is one of the most confusing and difficult laws US employers have ever had to face. It is thousands of pages long and changes constantly. The Congressional Budget Office has estimated that the IRS will collect approximately \$130 Billion dollars from employers who fail to comply with the law over the next 10 years. Fortunately, the Employers Guide to Obamacare is here to help business owners navigate the minefield. In The Employers Guide to Obamacare, attorney and business strategist, Kaya Bromley uses plain English, humor and a no-nonsense approach to teach employers exactly what they need to know to comply with the law.
