

## Bittergirl : Getting Over Getting Dumped

A laugh-out-loud, tell-it-like-it-is guide based on the hit play of the same name. It was the breakup to end all breakups. You've been dumped. Now what? Don't worry, doll, the bittergirls are here for you. But what exactly is a bittergirl? She's sexy and sassy and she's able to tell her breakup story with humor, without regret, and with the realization that it really was him and not her. Make no mistake, the bittergirl way is not about blame. It's about the style in which you get over it. It may not be quick, easy, or pretty, but with a little help from the girls and your friends, you will: Throw your own (very short) pity party. Resist the seductive lure of the moment of weakness. Survive your first post-breakup solo appearance. And tackle all of the issues in between. You will emerge stronger, more confident, and most importantly, a bittergirl yourself.
