

State By State Guide To Workplace Safety Regulation 2010 Edition

State by State Guide to Workplace Safety Regulation is an authoritative reference to help human resources professionals and workplace safety officers comply with state workplace safety laws and regulations. It emphasizes practical methods of developing and implementing workplace safety policies and offers guidance on how to ensure that the workplace is in compliance with state laws and regulations. The Guide organizes essential information in a ready reference form - information necessary to ensure compliance with workplace safety regulations applicable to a broad range of businesses. Charts make it easy to locate information concerning one states treatment of a particular issue or to compare the treatment required by several different states - all on the same chart. Each chart also provides citations with which to access further information about such current concerns as: Required written safety plans Required emergency action plans Regulation of smoking in the workplace Elevator safety requirements Illumination levels required for different locations and tasks Safety equipment required for employees Employment of minors Drug testing requirements in various industries Whistle-blowing protections for employees Penalties for noncompliance and retaliation violations Introductory text sections in each chapter provide context and detailed discussion of the most important workplace safety issues. Comprehensive exhibits and sample policies can be used to create required.
