

# Aronson Stack for Everybody: A Magicians Guide to Memorizing the Aronson Stack

For Magicians Only... In 1979, Simon Aronson gave the world of magic an incredible tool - A Stack To Remember - which has come to be known as the Aronson stack, a seemingly random arrangement of cards that has amazing miracle properties built into it. Many magicians have avoided adding memorized deck work to their repertoires because of the daunting task of committing a stacked deck to memory. Struggling to grasp the associations of the cards and their locations within the stack, most quit after a few hours or days. I was the same way... until a Harry Anderson manuscript got me to thinking about how to make this process easier. PMS, my Peg Memory System, was born. Suddenly, I found that it was not only EASY but also FUN to commit the stack to memory! In the pages of Aronson Stack for Everybody, you will find a streamlined, GRAPHICAL method for easily and quickly learning the Aronson stack IN AS LITTLE AS 90 MINUTES! BTW, this same technique works great for EVERY MEMORIZED STACK EVER MADE! The manuscript includes examples on how to use it with Mnemonica by Juan Tamariz, The Six-Hour Memorized Deck by Martin Joyal and the Nikola stack. It can also be used when you need to remember multiple cards on the fly, to help you quickly memorize a shopping list, phone numbers and lots MORE. Even though THERE ARE NO ACTUAL TRICKS TAUGHT IN THIS MANUSCRIPT, it does contain LINKS to several FREE memorized deck tricks and other resources (including a FREE e-book from Simon Aronson himself)! This title can also fall under the following categories: Crafts & Hobbies, Education, Language Arts & Disciplines, Mathematics, Performing Arts, Psychology, Reference, Study Aids, Self-Help
