

Assessment of Prior Learning: A Practitioners Guide

Until now assessors have not had the material they need to guide them through the process of assessing prior learning. Malcolm Day brings together the experience of specialists in this field from Canada, the US and South Africa where this has been a major part of education since the 1970s. This is an interactive text, which helps develop anyone undertaking Assessment of Prior Learning in nursing, allied health care and social care. A glossary of vocabulary associated with prior learning assessment is included.
