Many people suffer due to 9-5 work Passive income help you to come out from rat race as it runs on auto pilot once it is established. Making money online has many advantages as Compared to setting up a traditional brick and mortar business, putting up your own online business comes with a lot of distinct advantages. Following are some of them: You dont need a lot of capital Setting up a brick and mortar establishment is costly and requires a lot of your time and energy. You have to find a space for your business and fix it, purchase needed furniture and equipment, and obtain applicable and necessary licenses, among other things. If you go take the online approach, though, you need not have a physical office. This greatly reduces the amount of capital required to set up shop. The risk is relatively low Opening a brick and mortar shop is a huge risk because developing and operating it usually entail a lot of regular and unavoidable expenses. On the other hand, an online business is a low-risk venture because it takes minimal resources to establish and keep running. Here is A Preview Of What You will Learn from this book...
