

Faith-Based Grants: Aligning Your Church to Receive Abundance

The book was written to guide churches and other ministry groups how to position themselves to receive what remains of the Federal faith-based grantmaking initiative in other words, How to get a piece of the pie before the pie is gone. In 168 pages of detailed information, the author guides readers on how to conduct an organizational needs assessment; strategic funding plan; file for a separate IRS nonprofit status (application form and guidelines are appended); create community partnerships, and more! Remember, the author is a grant writer, so in Chapter 8: Writing Right is where she shares her expertise in this area. In all, this 10-chapter workbook is a great self-guiding tool for faith-based groups.
