

# The Testimony of a Daddys Girl: Breaking the Strongholds of Sexual Abuse and Abandonment

This is a testimony of healing from the years of sexual abuse I suffered at the hands of a family member that was trusted. My testimony about the years of being a fatherless girl who always had dreams of being a Daddys Girl and how God, my Father allowed me to experience being just that! My testimony is for everyone, the fatherless girls and women who want everyone to know that just like boys and men, we need our daddies too. Its for the children and adults who have suffered molestation and rape and need to know that someone in the church understands and has found the courage to talk about it.
