

Annie's Wand: - a fathers prayer -

Annie's Wand Annie was an unusually bright and intuitive child - even while in the womb. She was always busy, active in school, dance, swimming and archery. She read books endlessly. Loved spending quality time with her mother and father. Her parents both had good jobs. They were living the life of your typical middle American family. Annie had two secrets: She had a mysterious wooden wand that never left her side. And she talked to God. The Father had far reaching plans for Annie. Plans that most seven year olds might not grasp. But Annie did. She was special. And so were the Fathers plans.
