

## Coaching Soccer Champions

In this book, the nation's winningest high school coach, Terry Michler, shares the secrets, methods and tactics he uses to make the Christian Brothers College in St. Louis, one of the most successful high school programs in the country. Inside you'll find practice sessions that revolve around decision-making, repetition, 4 v 4 small-sided games, pattern play and attacking schemes that will allow for a fast-paced, free flowing style of play. The book is broken down into four main chapters that cover Possession, Transition, 4 v 4 Small-Sided Games and Pattern Play. These chapters give the reader a comprehensive look at how Michler developed a high school powerhouse. Each chapter includes many exercises and small-sided games that you can incorporate into your training session, which will help develop your players into an organized disciplined team.
