New lower price for a limited time only! Are you walking on eggshells in valiant attempts to please your new kind-of-emotional friend? Is your dreamy summer fling turning into a nightmare of epic proportions? Do you always seem to end up in turbulent relationships? Do you always seem to end up with drama queens despite your best intentions to avoid them? Stop walking on eggshells around your partner and learn when enough is enough. How many lies are too many? What is gaslighting? Its never too soon to learn red flags about people. Toxic relationships happen at all ages and between all sexes. Its not just all guys or all girls. There are good and bad people of both sexes. This short book is geared towards teens and young adults who are beginning to explore the dating world. Though navigating human nature is always trial and error, there are some basic qualities that so-called bad boys and bad girls have in common. This book points out what is normal and not normal in some familiar everyday dating life scenarios. It takes a really long time to truly get to know some one. Dont rush into a new romance. Relax, take one step at a time, and abide by your own set boundaries. If something doesnt feel quite right, trust your gut instinct. No one is worth wasting the summer over! If someone hurts you or you find youre hurting him or her, move on. Protect your heart (and bank account!) and trust your gut. Dont get trapped in a dysfunctional codependent relationship. Domestic violence never begins looking like domestic violence. Learn how to identify red flags and have the courage to take action.
