

Beach Blanket Atheism: The Beginners Guide for the Non-Believer

Atheism hasn't exactly been the topic of a lot of laughs. That is, until now. Beach Blanket Atheism uses laugh-out-loud humor, razor-sharp logic and compelling arguments to dispel myths and clarify a lot of the questions about this most misunderstood of doctrines. Consisting mainly of quotations and quips from a host of famous scholars, philosophers, celebrities and politicians, this witty work delves deep into skepticism, agnosticism, rationalism and other topics relating to atheism. A unique, informative and entertaining book for those with an open mind, a love of science or a passion for rational thought.
