

Two That Are One: A Spiritual Novel Set within a Romantic Fantasy

The Twin Flame Soul Mate is the one we are all searching for, be it consciously or not. Whether you believe in their existence or not, we are all and have always been, journeying towards The One! Why are we searching for this, and what is it all about? Without doubt, it is no ordinary relationship and not what many may think. Most definitely a privilege, an honour, and yet not for the faint-hearted, it is the only relationship that offers the sacred union with the eternal lover. Although everyones personal journey and experience will be unique to them, this is the story of the journey back to God, to our divine self and the legendary Twin Flame Soul Mate. Once united with the divine, these two become Divine Complements and inherit a much more profound and significant state of being. Two that are One is a romantic story of the journey that eventually all souls will make, no matter how long it may take, and will appeal to fans of new age, spiritual and fantasy fiction. If you are searching for divine truth and are not afraid to let go of preconceived ideas, if you are perhaps disillusioned with conventional religious instruction or are perhaps just interested in a good romantic fantasy, then Two that are One is for you. This book tells you the truth that deep within the soul everyone longs to find; it tells the truth that others simply cannot, will not or dare not, says author Heather.
