

Homing in the Presence: Meditations for Daily Living

Homing. Home. Home means a habit, a pattern of thinking and imagining, of wanting and enjoying. Home is where I live in gracious repetition and invitation. I turn the same doorknob. I hear the same voices. I look into the same eyes and see love and acceptance there. This book invites you to reflect on the inward journey. It is the longest journey of all, the journey home. It is a journey toward knowing God and being known by him. It is, itself, a sharing and a homing in the everlasting mercy. So, come with me.
