

Through a Pigskin Prism: An Unlikely Journey to and through the NFL

He never should have made it in the NFL... Growing up, Blake Moore never really dreamed of playing professional football. Sure, he watched the NFL stars on TV on Sundays, and pretended to be one of them in pickup games with his friends. And of course he had a Minnesota Vikings Purple People Eaters poster in his room-didnt everyone? Blake thought of himself as just an ordinary kid with no special athletic skills or size or speed. But to play in the NFL one day? Monday Night Football? The Super Bowl? In front of tens of thousands of fans and a TV audience of millions? Through a Pigskin Prism is the story of how a professional football career became a reality-however unplanned or unexpected. This memoir gives the reader an inside look at one players unusual path to the NFL, and his experiences playing in the NFL for six seasons-a life viewed through the unique prism of football. Blake Moore is living proof that dreams do come true sometimes-even if you arent sure it ever was your dream!
