

## SCUM Manifesto

First circulated on the streets of Greenwich Village in 1967, the SCUM Manifesto is a searing indictment of patriarchal culture in all its forms. Shifting fluidly between the worlds of satire and straightforward critique, this classic is a call to action a radical feminist vision for a different world. This is an update of the essential AK Press edition, with a new foreword. To see the SCUM Manifestos humor, to let it crack you up page after page, is not to read it as a joke. Its not. The truth of the world as seen through Valeries eyes is patently absurd, a cosmic joke. Humor such as this is a muscle, a weapon It was the truth, and the truth is so absurd its painful. Michelle Tea Unhampered by propriety, niceness, discretion, public opinion, morals, the respect of assholes, always funky, dirty, low-down SCUM gets around... Youve got to go through a lot of sex to get to anti-sex, and SCUMs been through it all, and theyre now ready for a new show; they want to crawl out from under the dock, move, take off, sink out. Valerie Solanas Valerie Solanas was a radical feminist playwright and social propagandist who was arrested in 1968 after her attempted assassination of Andy Warhol. Deemed a paranoid schizophrenic by the state, Solanas was immortalized in the 1996 film I Shot Andy Warhol. In Oakland, California on March 24, 2015 a fire destroyed the AK Press warehouse along with several other businesses. Please consider visiting the AK Press website to learn more about the fundraiser to help them and their neighbors.
