

Sexy at Any Size: The Real Womans Guide To Dating and Romance

Sexy Is as Sexy Does... Bigger is definitely better, as Katie Arons -- one of the fifty million American women who wear a size 12 or larger, and a world-famous Ford model -- knows. Without a single word about losing weight, Arons offers the encouragement, confidence, and techniques needed to attract smart, good-looking, and successful men. Here, readers of all sizes will welcome the way Katie defies the expectations of a society obsessed with thinness and offers up tried-and-true advice on: * How to accept yourself as you are * Where to go, what to say, and how to find the right type of man * The best cities where real women are truly appreciated * Alternative ways to meet men -- personal ads, the Internet, invitation-only parties (and how to get invited!) * Style tips: makeup, hair, and clothing * How to make love to a man big time * Plus lots more! And Katie has put together the ultimate resource guide to organizations, clubs, books and other publications, and on-line support groups. You name it -- if its out there, Katies found it. When it comes to love, the bigger the better!
