

Galleons And Sunken Treasure

This is the first English translation of the original work *Galleons Con Tesoros* by Claudio Bonifacio. This landmark publication is the result of many years of research in Spanish Archives throughout the world dealing with the vessels of the Spanish Empire, where they wrecked and what they carried at the time of their destruction. It is an incredible collection of first-person narratives pulled directly from the records of the time. This is an astounding book that you won't be able to put down! Contains more than eleven hundred archive citations of wrecks, more than 70 illustrations including the fabled drawings of *Treasure Island*, and actual translated extracts from original documents dealing with the *Maravillas*, the *San Jose*, and the *Mercedes* of recent fame, to name just a few. A great reference work for academics and laymen alike! by Claudio Bonifacio. This landmark publication is the result of many years of research in Spanish Archives throughout the world dealing with the vessels of the Spanish Empire, where they wrecked and what they carried at the time of their destruction.
