

Cocktails by Flavor: Over 340 Recipes to Tempt the Taste Buds

Cocktails are all about flavor and this is all about cocktails organized by flavor. Its a simple idea that will quench the thirst for a useful recipe guide that makes it simple to find that watermelon martini you're in the mood for today or the cloudberry cooler you'll want next week. Of course, since these luscious concoctions come from Salvatore Calabrese one of the worlds most honored (and bestselling) mixicologists its a given that they're both reliable and irresistible. Among the tasty categories here are fruits (from apple and kiwi to pomegranate and strawberry); vegetables, including carrot and celery; herbs (rosemary, mint); and sweeteners such as honey and liqueurs. All the groups feature classics, as well as contemporary and even brand-new drinks. Calabrese also includes enlightening background essays on the flavors and their uses. Lavish illustrations, cocktail glass iconography, and the tastiest libations ever all in a handy concealed spiral-bound format that stays open while you're mixing make this a must-have for every home bar.
