

STUUK ON DISPUTE INFORMATION? The Importance of Managing Information During Disputes at Work

What information should you collect during grievance and disciplinary disputes? Why do you need to organise your dispute information? What is a chronology and why is it important to use one when you have a complaint at work? Why can't you just use a notepad and pen? These questions and many more are answered in this STUUK handbook which has been developed for use by employees and workers involved in grievance and disciplinary disputes at work. The importance of organising your dispute information has often been referred to as the fourth emergency service because of the vital role organised information plays in the dispute process. The STUUK handbook on Managing Dispute Information is one of a series of handbooks developed to support employees to effectively address employment issues which arise in the workplace. The handbook offers a step-by-step guide to organising dispute information and provides readers with model information collection and index forms.
