

Eli Manning: An Unauthorized Biography (Football Biographies Book 7)

It's been said that Eli Manning is one of the most overanalyzed, discussed, dissected and criticized quarterbacks New York has ever had. But, in order to truly understand Eli Manning, you must first understand where he came from. Eli Manning: An Unauthorized Biography explores Mannings upbringing, his high school and college football careers, and details his breakthrough into the NFL, all the way through his second Super Bowl win against the New England Patriots. Now that he's beaten the Patriots in not one, but two Super Bowls within a four-year period, Manning has proven that he is in the same class as those other elite quarterbacks. It's clear that he's finally ridded himself of the status of Peyton's younger brother. From family to football to the future, all you need to know about Eli Manning is right here, right now, in the most up to date coverage of Eli Manning's life. This book also includes all of Eli Manning's college and professional football statistics.
