

## Skinny Bitch Gets Hitched

In the second fun and charming novel in the bestselling Skinny Bitch series, a twenty-something vegan chef juggles the wild ride of running her own successful restaurant with the whirlwind of wedding planning to her carnivorous restaurateur fiancé. SOMETHING OLD, SOMETHING NEW, SOMETHING VEGAN, SOMETHING BLUE . . . For the second time in just a few short months, Clementine Coopers professional reputation hinges on one restaurant review. Clementines No Crap Cafe is poised to score the Holy Grail of publicity a mention in the New York Times Sunday travel section if Clems veggietastic lasagna can bowl over the food critic. Clem has no time for distractions. Or surprises. But when her meat-eating millionaire boyfriend Zach Jeffries shocks her with a sweet and romantic marriage proposal, of course she says yes! Now she has to plan the most important menu of her life while fending off her domineering future mother-in-laws extravagant plans for the wedding. As if there wasnt enough on her plate, Clem decides to open a second restaurant on her parents farm Clems No Crap Outpost against Zachs advice. Just when she needs his support the most, Zach grows distant. The only person who really seems to understand is Clems friend and biggest competition, the cute vegan chef Alexander Orr. Putting out fires in the kitchen is easy but in her relationship? Suddenly, her time with Alexander feels . . . hotter . . . than usual, and Clem starts to wonder if the charming carnivore shes engaged to is really the man she should spend her life with.
