

Hang Up the Phone!: The Guide to Getting Over Your Ex in 30-Days!

A great philosopher said that Anger is the fluid that love bleeds when it is cut. From that quote and my personal studies of relationships, this book was birthed. I wrote this book to help mend the wound that is caused whenever a person is forced to deal with an emotionally traumatic event such as a break-up. Whether a relationship ends with a goodbye or ends in a violent abrupt way, you have to heal from it. We all, as human beings, go through times in our lives where we get injured by life, may it be emotionally, physically, or mentally. More times than I would like to mention, I too have been injured. What I have come to understand is that an injury from a broken relationship is one that can affect your everyday life. That is why I have learned that the faster you get over being hurt or knocked down, the better you will be. It does not matter what your relationship status was; causally dating, cohabitation, courtship, domestic partnership, or marriage. This book can help you get over and headed in the right direction towards new and more fulfilling relationships in 30 days!! In this book, I share with you methods that encourage and inspire you to do what is needed, in order to move on from a relationship that has reached its ending point. Take the journey with me as we enter the world of healing!
