

## Diary of a Season

Blackburn Rovers Alan Shearer is one of England's top strikers. This book is his diary of the 1994-1995 season during which: he was the lone striker at the tip of Terry Venables' famed Christmas Tree formation for England; the player witnesses the birth of his second daughter, Hollie; the game of football was called into disrepute; and the formation of a striking partnership for the first time with Chris Sutton (worth a combined #9.2 million).
