

Waiting at the Gate...a Grandfathers Wisdom and Life Lessons

Do you ever wish there was a checklist of the things you should instill in your kids and grandkids? Then this might just be what you're looking for. It is written with simple real life experiences that span a lifetime. The book offers encouragement to be the best you can be with great life lessons. This book is the conversation every grandparent/parent should have with their children/grandchildren. Waiting at the Gate is about how to succeed in life and be happy. It is about the things important in life. One section is dedicated to The Bs (as in Be). In this section the author (grandfather) tells his grandchildren to aspire to: Be Happy, Be Introspective, Be Prepared, Be Careful, Be Proud, Be Informed, Be Humble, Be Gracious, Be Honest, Be Fair, Be Spiritual, Be Peaceful, Be Healthy and Be Able to Laugh at Yourself. In each case he explains why these attributes are important and gives real life examples. If you only give your grandchildren one book on life lessons, consider this book. It is a springboard for your own personal experiences and conversations with them. Mr. Davis is an executive coach and mentor. He has served on numerous boards of directors in the private business sector, governmental sector, and charitable sector. As a professional HR leader, he was responsible for developing people and organizations into highly effective, cohesive units. This history of success, now leads to a useful communication tool as a recipe for a good, productive, happy life.
