

# ICE CREAM DAYDREAMS & STRAWBERRY SCENTED KISSES

Ice-cream Daydreams and Strawberry Scented kisses explores a young mans passageway to adulthood. Discovering the turbulent feelings of love, lust and the expectations that society pushes onto him. When every man faces their mid-life-crisis, shackled with pride, regret and lost opportunity, they remember the vibrant anticipation of their younger self. Simon C Lord, using his witty, unassuming style, shows that there is no need to hold onto a poker face when lifes cards can be re-shuffled at any time. A humorous fictional memoir fuelled with Diversity, Fascinations and Unadulterated Opinions. The idealisations that are secretly held in the thoughts of every man you have ever met. Unlike a Womens mind, whose connectomes form an intricate neurological web of emotions, intuition, empathy and of course the ability to recall, in detail, every little thing that is ever said or done with immense clarity, a Mans brain is hard wired in a far less complex way. Men think somewhat spatially following a simple pattern of rules, wants, needs and physicalities to enable them to live life in the easiest way possible. If you fancy a chewing the lemon rind at the bottom of Martini Glass take a read ..... but be prepared to face some of your own fears.
