

The Fall of a Sparrow: Of Death and Dreams and Healing

In this book, the author describes his attempt to create a meaningful and satisfying grieving process following the death of his 19 year old son, Jason, in a car accident. The narrative confronts the harsh reality of death from the hospital to the cemetery and the many mundane yet painful decisions that must be made. For those who must cope with an unexpected death, the grieving process becomes a struggle to express ones love and at the same time say goodbye.
