

## White Butterfly: While parents minister, a beloved daughter disappears off the face of the earth

Unwavering love propels these parents onward. When Vanda Terrell and her husband, Mike, leave behind their prosperous North Dallas lifestyle because of a genuine commitment to serve God in a foreign land, little do they know that a trap is being set for them that will deprive them of their precious 15-year-old daughter, Brittany. The six-month ensuing, desperate search leads the Terrells into Satans dark playground in corrupt, debauched sectors of Mexico and challenges their faith in the God they went to Latin America to serve. Deception and failed commitments are their daily portion as the path toward restoration with Brittany plunges them deeper and deeper into heartbreak. When the search finally hits pay dirt, the ending is not the storybook one for which the Terrells have hoped. Vanda shares about her struggle to forgive and heal and her miraculous, personal reminder that Gods presence never leaves us even in the midst of shattered dreams and unthinkable pain.
