

2 Percent Per Month Trading System

Remember Warren Buffets rule number one? It is Dont lose money! Unfortunately if you look back over the last 12 years, most people account value has gone down. The 2% per month trading system is designed to stop the losses and grow your account on a slow and steady basis. Your benchmark is to achieve a 90% win rate and when you do experience the occasional it will be predictably small. This system can be learned by the novice investor or used by the experienced money manager. Want some good news? You can implement this system without learning to interpret charts, read stochastics, MACD, Bollinger Bands, or any of those other indicators technicians employ in their trading. All you need is some time to study and master the system, a calculator and a few hours per week. Are you ready to experience consistent winning trades? Give this system a chance to make you a winner. A portion of all purchases is donated to With Love from Jesus. I encourage you to make a personal donation as well. See the story of this ministry at <http://vimeo.com/26587282>.
