Its never too early to get littleuns interested in healthy eating, so instead of cooking for the kids, why not cook with them? - Reveal As featured in The Times, Ellas Kitchen is the fastest growing brand in the UK baby food sector and this new title, Ellas Kitchen: The Cookbook: The Red One, is the first in a series of books aimed at creating nutritious, convenient food that kids (and their parents) will love. 100 yummy recipes to inspire big and little cooks, ranging from the easiest of snacks and light meals that can be rustled up in minutes to delicious and satisfying dinners.
