

RAPID First Responder, 2e

Perfect for the classroom or the field, this handy pocket guide is full of essential information in a convenient, quick-access format. Plenty of quick-reference tables, CPR and AED information, airway management and breathing skills, and much more make this an excellent companion for everyday use. Spiral bound, fluid resistant, and pocket sized format makes this reference durable enough for rough clinical use. Color tabs for each section enable you to find the information you need quickly. At-a-glance tables, charts, and algorithms highlight important content and make it easy to find information when you need it most. Fresh new design allows you to easily see content. Trauma and Pediatric sections break out content for quick access at the point of care. Environment section allows quick access to assess and treat environmentally-provoked conditions. 24 step-by-step skills with new photos clarify important skills.
