

A Spiritual and Ethical Compendium to the Torah and Talmud

In A Spiritual and Ethical Compendium to the Torah and Talmud, Rabbi Dr. Arthur Segal dissects each of the Torahs weekly sections (parashot) using the Talmud and other rabbinic texts to show the true Jewish take on what the Torah is trying to teach us. This companion to Rabbi Segals The Handbook to Jewish Spiritual Renewal: A Path of Transformation for the Modern Jew brings the Torah alive with daily relevance to the Modern Jew. All of the Torah can be summed up in one word: Chesed. It means kindness. The Talmud teaches that the Torah is about loving our fellow man and that we are to go and study. The rest is commentary. This compendium clarifies the commentary and allows one to study Torah and Talmud to learn the Judaic ideals of love, forgiveness, kindness, mercy and peace. A must read for all Jews and deserves a place in every Jewish home.
