

Family Legacy and Leadership: Preserving True Family Wealth in Challenging Times

Hamilton and Daniell have creatively taught us how to weave together the threads of lineage that create family legacy. They have also clarified the vision of what family leaders look like who are the master weavers of such threads. This all leads toward teaching us how to create and guide our families, and those we serve, to seven and more generations of successful, generative and flourishing lives as individuals and as family. We owe their work a deep debt of gratitude and a bow of appreciation. James (Jay) E. Hughes, Jr. Author, *Family: The Compact Among Generations* Mark Daniell and Sara Hamilton have written a book that will become a real reference for families wishing to establish a long-term strategy for building an enduring legacy for generations. It contains a wealth of ideas, strategy prescriptions, case histories, and anecdotes that will give the family leader and members of the tribe a true guide to building a system that will endure the test of time. I recommend it to families in Asia and beyond. Dr. Victor K.
