

GET PREGNANT (FAST): Conception & Proven Methods to Beat Infertility and Get Pregnant Quickly (infertility, get pregnant now, conception Book 1)

Tired of that Disappointed Feeling Month After Month? Whether you've been trying for 3 months or 3 years, there is nothing worse than that terrible feeling when the test shows negative, after you've convinced yourself this was your month. This book will teach you proven strategies you can use at home to naturally improve your chances of conception each month. We have even included a problem solving section for the things you may be too afraid to ask your doc. This book is the result of many years research, talking to hundreds of women about what has worked for them and spotting patterns between them. I truly believe that the methods in this book are the key to success, well that and a little bit of belief! Learn how to time ovulation correctly, what vitamins and foods will help you conceive, what to do if your partner has a low sperm count, what to do if you have poor egg quality or a short luteal phase, and much much more!
