

When Dad Was Little Just Like You ...

When Dad Was Little Just Like You ... By Stani Magnuson This is a fun, interactive picture book for Dads to read with their sons and daughters that encourages age appropriate, fun conversations about what Dads and child's favorite things are about growing up. Each page features a colorful and full-screen photo of kids and Dad having fun. The questions in the book are designed to engage both Dad and child, so while a short 10 page read, what you share and learn during that time will be priceless. This book is best for younger children to be read with Dad and features smaller words that they can help to sound out to read aloud, as well as questions that will get them thinking about what their favorite things are, as well as letting Dad reminisce and share what his favorite things were as a little boy. They will love seeing the funny photos of Dad and kids playing! If you enjoy this book be sure to check out the first book in the series, When Mommy Was Little Just Like You ...
