

Hoolifan: 30 Years of Hurt (Mainstream Sport)

Hoolifan is the story of one man, Martin King, and his experiences spanning three decades with the country's foremost soccer gang. Chelsea have always been at the cutting edge of football violence, and King himself was at the heart of the evolving Chelsea mob for some 30 years. From his first visit to a football ground in the early 1960s, he charts his development from a rattle-waving child through to a fully fledged member of the notorious Chelsea Shed in the 1970s and finally to his exploits as a key player in the most feared football gang of the 1980s and 1990s - the so-called Chelsea Headhunters. King describes the leading characters of the various eras, not just from Chelsea but from across the country. He also records every clash, ambush and act of revenge in vivid detail, as well as the camaraderie and style of this most infamous soccer gang. This is not just another book on the well-trodden subject of football hooliganism, as, unlike so many authors, Martin King makes no attempt to distance himself from the violence and leaves readers to draw their own conclusions. At times provocative, often humorous and always honest, Hoolifan places the phenomenon of football hooliganism in its true social context.
