

## How Many Lies Are Too Many?: Spot Liars and Cheaters Before They Spot You! (Gaslight Survivor) (Volume 2)

Sometimes its really easy to spot liars and cheaters. Sometimes its not so easy. Psychopaths, sociopaths, and narcissists wear masks to lure you in. Sometimes it can be difficult to discern between truth and games. Everyone tells lies every day. How many do you tell? Why do you tell them? How do you feel when someone lies to you? Is there a limit to how many lies youre willing to listen to? Should you forgive a lie? If you find yourself falling for the wrong man or woman over and over again, this book might be for you.
