

How to Invest in Gold and Silver: A Complete Guide with a Focus on Mining Stocks

Want to invest in gold and silver, but aren't sure how? *How to Invest in Gold and Silver* is a practical guide for investors who are new to the emerging gold and silver markets. Written in clear layman's terms, this forward-thinking book is packed with information to help gold and silver investors navigate an exciting, timely and largely unexplored market. *How to Invest in Gold and Silver* includes: An overview that explains the wisdom of gold and silver investments in today's economic environment. Indispensable information on how to manage the risk of gold and silver assets. A step-by-step strategy to investing in bullion and coins. Clear explanations on using ETFs (Electronic Trading Funds) and options. The pros and cons of investing in major, mid-tier and junior mining companies - and a how-to methodology for making informed choices for the best gains. In his pioneering work, author Don Durrett shares the details of his own systematic, successful approach to investing in gold and silver. This easy-to-follow book shows investors how to take advantage of the rising prices of precious metals using a balanced portfolio of gold and silver assets. Armed with this knowledge you will be able to invest with confidence.
