

How to Negotiate With Kids Even When You Think You Shouldnt: 7 Essential Skills to End Conflict and Bring More Joy into Your Family

A vast readership awaits *How to Negotiate with Kids*. It addresses some of today's top parenting concerns: how to deal with a child who disagrees, how to avoid being either an ogre or a pushover, and-most of all-how to handle conflicts in ways that build lasting relationships with children. Scott Brown, a founding member of the world-famous Harvard Negotiation Project, coauthor of *Getting Together*, and a father of four, has found that parents face the same dilemmas as negotiators everywhere. Now he has adapted his highly acclaimed techniques to teach parents how to:

- * manage their own emotions and reactions during conflict
- * manage their children's emotions and strengthen their emotional control
- * listen in ways that will build understanding
- * negotiate solutions to common problems
- * teach their children to be problem solvers
- * learn when not to negotiate
- * discipline wisely

Personal anecdotes, stories from Brown's workshop families, and sample dialogues of right and wrong approaches make *How to Negotiate with Kids* an essential tool for parents who want to reduce conflict and strengthen their families in ways that will protect their children's emotional health and happiness.
