

## How you can overcome stage fright: Learn to bulldoze the hidden causes out of your way

There are hidden but real reasons for stage fright. This book explains what they are. It shows how to overcome them so well that its like pushing them out of your way with a bulldozer! One of the worst is forgetting what comes next as you speak. This book shows how to completely eliminate that problem. This does take some work to do. But this method is much easier to do than standard methods. And it ensures that once you start you will finish with no further hassles. Another is being unable to begin. This book shows 3 interlocking ways to ensure that does not happen. This includes an easy but surprisingly little known way to turn off your stress for a few seconds -- long enough to reliably begin speaking; it includes how to write an introduction that connects you and your topic with your audience, and using the method we teach to memorize your introduction makes delivering it even more reliable. Learning these two steps enables you to overcome stage fright and speak even if you havent turned down the fright to zero yet. Once you master each of these techniques, you have the basics of speaking well. So this eBook can also be used as a fast start introductory course in public speaking. The questions you ask yourself about your audience and how your topic relates to it to write your introduction help you to write your entire talk in a way that makes it a likely success. And, because this book is short, you can use the time you save to practice these methods that will help you speak well. Learning and practicing these steps will enable you to give good presentations. This book also includes ways to help you speak before large groups and to speak well when there is a lot at stake. And, it also includes two proven ways to turn down trigger happy stress reactions. Lastly, it has a way to practice before an encouraging audience until you master these techniques. Between using

this to practice these techniques and the power of these techniques, you can overcome stage fright and speak well.
