

A Cultural History of the Avant-Garde in the Nordic Countries 1950-1975 (Avant-Garde Critical Studies / A Cultural History of the Ava)

A Cultural History of the Avant-Garde in the Nordic Countries 1950-1975 is the first publication to deal with the postwar avant-garde in the Nordic countries. The essays cover a wide range of avant-garde manifestations in arts and culture: literature, the visual arts, architecture and design, film, radio, television and the performative arts. It is the first major historical work to consider the Nordic avant-garde in a transnational perspective that includes all the arts and to discuss the role of the avant-garde not only within the aesthetic field but in a broader cultural and political context: The cultural politics, institutions and new cultural geographies after World War II, new technologies and media, performative strategies, interventions into everyday life and tensions between market and counterculture.
