

I Only Have Eyes For You: A Guide to Perfecting Your Relationship

I Only Have Eyes For You- A Guide to Perfecting Your Relationship is written to help individuals improve their marriages and relationships. Divorce and blended families are a common event in today's families. When parents decide to divorce, separate or remarry, the entire family is faced with multiple stressors. These stressors have a direct effect on the child or children involved. The author provides techniques and strategies to help parents maintain stability, normalcy and healthy child adjustment. Stepparents and blended families discover methods to bonding with stepchildren, and dealing with common challenges to achieve harmony. Remarried couples discover effective step parenting and positive parenting techniques. The spiritual principles are designed to strengthen couples' faith and deepen their connection. Single men and women understand what it takes to attract and keep a mate. Women learn how to fulfill purpose and destiny and men develop qualities to help them lead. Dating couples learn how to find and select the right mate. Married couples identify intimacy enhancement techniques to create new emotional love. Couples learn how to problem solve and resolve conflicts effectively. The financial formulas help couples get out of debt and lessen their stress. Women learn how to fulfill purpose and destiny and men develop qualities to help them lead. Couples discover the key to maintaining physical and emotional fidelity. The author believes when marriages and families fail, our children suffer. The material in this book is intended to help all couples build healthier families and relationships. The various techniques and methods help couples engage and develop a collaborative partnership. The goal is to create life partners. The book is designed to create a singleness of heart and help relationships thrive and survive. The book provides a number of relationship-building techniques to help

the reader improve and transform their marriage and relationship.
