

Icicles in the Park: A Fathers Journey of Love and Understanding with his Daughter during a Time of Great Hardship

This is the story of the journey my 8 y/o daughter and I traveled as a result of the unexpected break-up of our family. It is filled with heart break and heart warming experiences we went through during the most difficult divorce process. It is my hope that the readers of our story will learn and benefit from our experiences and have a much smoother process during their divorce.
