

## Collateral Damage (Silent Warriors Book 1)

Before being injured on a rescue mission in Lebanon, Jack Hunter takes out a blonde-haired, blue eyed American who is holding VIP hostages with a radical terrorist group. The mission goes horribly wrong. When the dust settles, the blondes body isnt among the dead and people are questioning Jacks memory. Two weeks later, while going crazy in a hospital bed, Jack sees the blonde Americans mug on the TV screen with reports that the businessman had died in Brazil just yesterday. He reports this to his superiors, expecting action. When he is told to stand down and focus on recuperating, Jack goes AWOL. He heads to Atlanta to question the businessmen widow, determined to solve the mystery. Lauren Collins complicated life takes a turn for chaos when she foils a burglar in the middle of the night only to face the business end of an assassins gun the next day. That happens just minutes after Jack arrived on her doorstep demanding answers about her soon-to-be exs activities. Their race to escape a killer becomes a race against time to save her sons from becoming collateral damage in a global attack to destroy the worlds economy. Thrust into a world of peril, political treachery and treason, Lauren has no choice but to trust Jack with her life and her childrens lives. Jack puts everything on the line from life to his careerto save Lauren and her sons. Even if they miraculously survive against all odds, hes sure his heart wont it already bit the dust at Laurens feet the moment she opened her front door.
