

The V Word Cookbook: Vegan Desserts

When Rhea Parsons became vegan, there were no places in her neighborhood to eat so she had to learn to cook. That led to the creation of The V Word blog which focuses on vegan versions of favorite, familiar foods. Because if you can have the foods you love, the foods you crave, the foods you grew up with, all in a compassionate, cruelty-free way, why wouldn't you? Rhea shares her life with a rescued Westie mix named Benoni and a rescued husband named Tom. It is Rhea's hope that she can spread the V Word and compassion to improve the world. The V Word Cookbook: Vegan Desserts contains 31 amazing vegan desserts, most of them gluten-free. From muffins and cakes to tarts and galettes, from puddings and pies to cookies and doughnuts, Vegan Desserts has the recipes that will appeal to your sweet tooth. With full-color photos and a friendly voice guiding you through easy-to-follow recipes, you'll be making incredibly decadent desserts in no time.
